DETAILED ACTION
RESPONSE TO AMENDMENT

1. This office action is in response to applicant's response received on July 7, 2003.
2. Claims 17-22 were added.
3. The reply filed on July 7, 2003 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): The remarks do not point out why the new claims 17-22 that were added are patentable in view of the prior art of record as required by 37 C.F.R. 1.111(b). Specifically, clarification is requested on the issue of the use of color standardization when the color of a product is not used, but only its surrogate standard. By Applicant's own admission, see page 5 , lines 23-26, color standardization is an option and Examiner's references in combination teach such color standardization in the comparison of colors. The result is the same: color matching per se. The fact that a surrogate method can be applied, as Applicant himself states, does not alter the function or use or result of the comparison of colors. The above-mentioned reply appears to be bona fide, applicant is given a time period of **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Extensions of this time period may be granted under 37 C.F.R. 1.136(a).
